Vision Statement

To become the global standard for reliable, innovative, and customer-focused aviation solutions, setting new standards in service delivery and operational excellence.

Our Mission:

Our mission is to simplify and enhance aviation operations by offering comprehensive services, including aircraft sales, parts procurement, maintenance, and consulting. We are dedicated to ensuring efficiency, safety, and value for our clients while fostering long-term partnerships built on trust and expertise.

ABOUT US

Aspen Aviation LLC is a privately owned and operated aviation business registered in Delaware, USA.

We provide aviation services, including but not limited to aircraft parts sales and repair, aircraft sales and purchasing, as well as consulting services to potential and existing aircraft owners.

We also help clients navigate the often complicated aviation regulatory landscape of West African countries, specifically Nigeria.

Our international team of aviation experts have a collective knowledge base that spans over 40 years in both fixed and rotary-wing aircraft, ranging from aircraft maintenance to operation to trading.

OUR SERVICES

Aircraft Parts Purchase: We specialize in sourcing and delivering high-quality aircraft parts from trusted manufacturers, ensuring your fleet remains operational and compliant with industry standards.

Aircraft Parts Repairs: Our repair services cover a wide range of aircraft components, providing cost-effective solutions to restore parts to optimal working conditions and extend their lifespan.

Aircraft Professional Cleaning & Toilet Services: We offer thorough, professional cleaning and sanitation services, including lavatory maintenance, to keep your aircraft hygienic and passenger-ready.

Aircraft Maintenance: Our comprehensive maintenance services ensure your aircraft operates safely and efficiently, meeting all regulatory requirements and minimizing downtime.

Aircraft Management and Operation: We provide end-to-end management and operational solutions, handling everything from crew scheduling to maintenance oversight, so you can focus on your business.

OUR SERVICES

Consulting Services

Aircraft Sales And Purchase:

Our expert consulting team assists with the acquisition and sale of aircraft, offering guidance on market trends, pricing, and logistics for a smooth transaction.

Regulatory Permitting:

We navigate complex regulatory requirements on your behalf, ensuring all permits and licenses are secured for seamless operations.

OUR EXPERIENCE

Aircraft Parts Supply

We have successfully sourced spare parts for a wide variety of fixed wing and rotary wing aircraft, including Cessna 172, Bombardier Learjet, Gulfstream GIV, AW139, S76C+, to name a few. Parts procured range from simple consumables to larger non-LRU avionics and mechanical components. We have experience with other aircraft lines including, but not limited to CRJ 200, 700 and 900, Hawker 800 and 900, Boeing 737 family, Airbus A318, 319, 320.

We offer fast shipping from the USA and Europe to our client's locations anywhere in the world. We are able to interface with customs, where requested, in order to deliver parts to our clients at the most cost effective rates possible.

We source parts from only credible and accredited dealers in the USA and Europe.

MANAGEMENT TEAM

AGU, Onwuameze
Managing Director

Agu Onwuameze is the Managing Director of Aspen Aviation LLC. As a seasoned Electronic Engineer with an MBA from Clemson University in South Carolina USA, Agu is an innovative serial entrepreneur with impressive problem-solving skills, as well as proven technical skills. He brings his many years of hands-on industry experience in multiple sectors, including Banking and Telecommunications to bear in his leadership role at Aspen Aviation. Agu is the founder and Chairman of Qverse Learning Ltd, an education technology company with the vision of making education cheaper and more accessible in African countries. Qverse currently has a number of Nigerian Universities as clients and is expanding to the development of an online platform for Secondary and Primary education readily accessible to and suitable for the African child. He is also a co-founder of Sunnyside Family Dentistry, a dental practice in South Carolina focused on underserved areas and caters to patients of all ages.

JOSEPH, Klatsi
Technical Director

Joseph Klatsi is the Technical Director at Aspen Aviation LLC. He is a Human-AeroSystem Lifecycle Research Engineer with a sound background in Aerospace Engineering, Systems Engineering, Data Science and Aircraft Maintenance Technology (AMT). Joseph has 7 years of technical working experience on several aircrafts, including Learjet 35/36/45/60, Boeing 737/747/757/767/777/787 and Airbus 319/320/321. Specifically, he was involved in the maintenance of their powerplants in an FAA Part 145 facility setting, working on GE CFM56 and Rolls Royce RB211 engines. He also worked for GE Aviation as a Lead Head Transfer Engineer, and UPS Airlines as a Powerplant Engineer. Presently, he is an Aircraft Maintenance lecturer at Spartan College of Aeronautics and Technology, Colorado USA. Joseph is a certified FAA AMT and holds BSc and MSc. degrees in Aerospace Engineering from Embry Riddle Aerospace University (ERAU). He also holds a Graduate Professional Certificate in Systems Engineering and Big Data Science from MIT, and a PhD(C) in Systems Engineering at Colorado State University.
